NATURE OF EMPLOYMENT

The relationship between employees and the Association is for an unspecified term and is considered employment at-will. No manager, supervisor or employee of the Association has authority to enter into any agreement for employment for any specified period of time or to make any agreement for employment other than at-will. Only the Executive Director has the authority to make any such agreement and then only in writing, signed by the Executive Director and indicating it is intended as a modification of a particular employee's at-will status. Consequently, the employment relationship with any employee can be terminated at will, either by the employee or the Association, with or without cause or advance notice. The Association can also demote and change pay and duties of any employee at-will.

All employees should be aware that the Association is not governed by collective bargaining. Although some benefits and policies may be the same or similar to those of the University, the Association has developed its own policies and procedures under California law, the California Code of Regulations, the Education Code, and under directives and policies by the Trustees and the Chancellor of The California State University system. The Association is a private employer under the Internal Revenue Code and is not a State agency.

All student employees should be aware that employment with the Association is for a maximum of twenty (20) hours per week during the academic year. If an Association student employee were to be concurrently employed through California State University, Fresno, the employee will work a maximum of twenty (20) hours per week, combined.

Any questions should be addressed to the Association Human Resources Department or the Executive Director for clarification. University employees may not be familiar with the policies and procedures of the Association and may not be able to provide accurate information.

Acknowledgment:

I have entered into my employment relationship with the Association voluntarily and acknowledge that there is no specified length of employment. I understand that I or the Association can terminate the relationship at-will, with or without notice or cause, at any time.

**STATEMENT ACKNOWLEDGING REQUIREMENT
TO REPORT CHILD ABUSE AND NEGLECT
[USE FOR LIMITED REPORTERS ONLY]**

INSTRUCTION FOR HUMAN RESOURCES: Provide this form, as well as Attachments A and B of Executive Order 1083 Revised July 21, 2017, to employees who are identified as Limited Reporters*. Retain the completed form in the employee's official personnel file.

***Exception:** Non-Management Personnel Plan employees hired prior to January 1, 1985

California law **requires** certain people, known as "Mandated Reporters," to report known or suspected child abuse or neglect. You have been identified as a certain type of Mandated Reporter: a Limited Reporter under Penal Code § 11165.7(a)(41). As a Mandated Reporter, you are required by the law to sign this statement acknowledging your legal reporting obligations.

A copy of the relevant provisions of the law explaining the definition of "Mandated Reporter" (Penal Code § 11165.7), the reporting obligations (Penal Code § 11166), penalty for failure to report abuse or impeding report (Penal Code § 11166.01), the contents of the reports, and the confidentiality of the Mandated Reporter's identity (Penal Code § 11167) is attached.

Online training is available to you at <https://ds.calstate.edu/?svc=skillsoft> (under keyword search "Mandated Reporter").

While it is not required, we strongly encourage you to take the training.

WHEN REPORTING ABUSE IS REQUIRED

As a Limited Reporter, whenever in your professional capacity or within the scope of your employment you have knowledge of or observe a person under the age of 18 years whom you know or reasonably suspect has been the victim of child abuse or neglect *on CSU premises or at an official activity of, or program conducted by, the CSU*, you must report the suspected incident (Penal Code §§ 11166(a) and 11165.7(a)(41)).

PROCEDURE FOR REPORTING

To make a report, you **must** do the following:

- ***Immediately, or as soon as practically possible***, contact by phone one of the following: police or sheriff's department (including campus police but not including a school district police or security department); a county probation department (if designated by the county to receive mandated reports); or the county welfare department (Child Protective Services or CPS).
- ***Within 36 hours of receiving the information concerning the incident***: complete Form SS 8572 (available online at http://ag.ca.gov/childabuse/pdf/ss_8572.pdf) per the instructions (available online at http://ag.ca.gov/childabuse/pdf/8572_instruct.pdf); and send, fax or electronically transmit it to the agency that was contacted by phone (Penal Code § 11166(a)).

Names and contact information for agencies that can accept reports are available online at the following websites:

California State University Police Departments (by campus):

<http://calstate.edu/strategicinitiatives/UPD/contacts.shtml>

Child Protective Services (by county):

http://www.hwcws.cahwnet.gov/countyinfo/county_contacts/hotline_numbers.asp

For Sheriffs' Departments (by county):

<http://www.calsheriffs.org/sheriffs-offices.html>

Note: Reporting to a supervisor, a coworker, or other person is not a substitute for making a mandated report to one of the agencies listed above.

ABUSE AND NEGLECT THAT MUST BE REPORTED

Physical abuse, meaning physical injury other than by accidental means inflicted on a child (Penal Code § 11165.6).

Sexual assault, including sex acts with a child, intentional masturbation in the presence of a child, child molestation, and lewd or lascivious acts with a child under 14 years of age or with a child under 16 years of age if the other person is at least ten years older than the child (Penal Code § 11165.1(a)(b)).

Sexual exploitation, including acts relating to child pornography, child prostitution, or performances involving obscene sexual conduct by a child (Penal Code § 11165.1(c)).

Statutory rape involving sexual intercourse between a child under 16 years of age and a person 21 years of age or older, which is also a form of "sexual assault" (Penal Code § 11165.1(a)).

Neglect, meaning the negligent treatment or maltreatment of a child by a parent, guardian or caretaker under circumstances indicating harm or threatened harm to the child's health or welfare (Penal Code § 11165.2).

Willful harming or injuring or endangering a child, meaning a situation in which any person inflicts, or willfully causes or permits a child to suffer, unjustifiable physical pain or mental suffering, or causes or permits a child to be placed in a situation in which the child or child's health is endangered (Penal Code § 11165.3).

Unlawful corporal punishment, meaning a situation in which any person willfully inflicts upon a child cruel or inhuman corporal punishment or a physical injury (Penal Code § 11165.4).

WHAT IS NOT CHILD ABUSE OR NEGLECT?

The law does **not** consider the following child abuse or neglect for reporting purposes:

- Injuries caused by two children fighting during a mutual altercation (Penal Code § 11165.6)
- An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his or her employment (Penal Code § 11165.6)

- Reasonable and necessary force used by public school officials to quell a disturbance threatening physical injury to person or damage to property, for self-defense, or to obtain possession of weapons or other dangerous objects under a child's control (Penal Code § 11165.4)
- Corporal punishment, unless it is cruel or inhumane or willfully inflicts a physical injury (Penal Code § 11165.4)
- Not receiving medical treatment for religious reasons (Penal Code § 11165.2(b))
- Acts performed for a valid medical purpose (Penal Code § 11165.1(b)(3))
- An informed and appropriate medical decision made by a parent or parent, guardian or caretaker after consultation with a physician who has examined the child (Penal Code § 11165.2(b))

IMMUNITY AND CONFIDENTIALITY OF REPORTER

Mandated Reporters cannot be held civilly or criminally liable for their reports. Instead, they enjoy immunity from prosecution for their reporting of suspected child abuse (Penal Code § 11172(a)). Both the identity of the person who reports and the report itself are confidential and disclosed only among appropriate agencies (Penal Code § 11167(d)).

PENALTY FOR FAILURE TO REPORT ABUSE OR IMPEDING REPORT

A Mandated Reporter who fails to make a required report of abuse, or any administrator or supervisor who impedes or inhibits a report, is guilty of a misdemeanor punishable by up to six months in jail, a fine of \$1,000, or both (Penal Code Section 11166(c) and Section 11166.01(a)). Where the abuse results in death or great bodily injury, the Mandated Reporter who fails to make a required report or administrator or supervisor who impeded or inhibited the report is subject to punishment of up to one year in jail, a fine of \$5,000, or both (Penal Code Section 11166.01(b)).

ACKNOWLEDGMENT

I acknowledge being provided with copies of Penal Code Sections 11165.7, 11166, 11166.01, and 11167. I acknowledge and understand my responsibility and legal obligation to report known or suspected child abuse or neglect in compliance with Penal Code Section 11166.

Information Security and Hardware/Software Policy

Computer information systems and networks are an integral part of business of the California State University, Fresno Association Inc. (“the Association”). The Association has made a substantial investment in human and financial resources to create these systems.

The enclosed policies and directives have been established in order to protect this investment, safeguard the information contained within these systems, reduce business and legal risk, and protect the good name of the company.

The Internet and e-mail

The Internet is a very large, publicly accessible network that has millions of connected users and organizations worldwide. One popular feature of the Internet is e-mail.

Access to the Internet is provided to employees for the benefit of the Association and its employees. Employees are able to connect to a variety of information resources around the world.

Conversely, the Internet is also replete with risks and inappropriate material. To ensure that all employees are responsible and productive Internet users and to protect the company's interests, the following guidelines have been established for using the Internet and e-mail.

Acceptable use

Employees using the Internet are representing the company. Employees are responsible for ensuring that the Internet is used in a safe, effective, ethical, and lawful manner and only in the course of performing the employees' job.

An employee who uses the Internet or e-mail shall:

- Ensure that all communications are for work-related reasons and that they do not interfere with his/her productivity.
- Be responsible for the content of all text, audio, or images that (s)he places or sends over the Internet, and not illegally transmit or receive the same. All communications should have the employee's name attached.
- Not transmit copyrighted materials without permission.
- Know and abide by all applicable policies dealing with security and confidentiality of records.
- Run a virus scan on any external files received on flash drive or CD's.

Unacceptable use

Employees must only use the Internet for purposes that are company-related. Content that is illegal, unethical, inappropriate for a University setting, harmful to the University or the company, or nonproductive are prohibited.

Examples of unacceptable use are:

- Sending or forwarding chain e-mail, i.e., messages containing instructions to forward the message to others.
- Broadcasting e-mail, i.e., sending the same message to more than 10 recipients or more than one distribution list.
- Conducting a personal business using company resources.
- Transmitting any content that is offensive, harassing, or fraudulent.
- Participating in Internet "chat" rooms.
- Downloading or storing of music files anywhere on the network – including your 'personal' directories or your local 'C' drive.

Information Security and Hardware/Software Policy

Downloads

File downloads from the Internet are **NOT** permitted unless specifically authorized in writing by the MIS director.

Copyrights

Employees using the Internet are not permitted to copy, transfer, rename, add, or delete information or programs belonging to others unless given express permission to do so by the owner. Failure to observe copyright or license agreements may result in disciplinary action by the company and/or legal action by the copyright owner. In addition, illegal file sharing is a violation of Title 5 of the California Code of Regulations and may also result in disciplinary action.

Monitoring

All messages created, sent, or retrieved over the Internet are the property of the company and *may be regarded as public information*. The Association reserves the right to access the contents of any messages sent over its facilities or using its equipment, if the company believes, in its sole discretion, that it has a business reason to do so.

All communications, including text and images, can be disclosed to law enforcement or other third parties without prior consent of the sender or the receiver. **Do not put anything in your e-mail messages that you wouldn't want to see on the front page of the newspaper or be able to explain to your employer.**

Computer Viruses

Computer viruses are programs designed to make unauthorized changes to programs and data. Therefore, viruses can cause destruction of or damage to corporate property.

MIS will install and maintain appropriate antivirus software on all computers and will respond to all virus attacks. All virus related incidents will be documented.

It is important to know that:

- Computer viruses are much easier to prevent than to cure.
- Defenses against computer viruses include protection against unauthorized access to computer systems, using only trusted sources for data and programs, and maintaining virus-scanning software.

The following applies to all employees:

- Employees shall not knowingly introduce a computer virus into company computers.
- Employees shall only load CD's, DVD's or Flash Drives with saved files that pertain to company business.
- Incoming CD's, DVD's or Flash Drives shall be scanned for viruses before they are read.

Information Security and Hardware/Software Policy

Access Codes and Passwords

The confidentiality and integrity of data stored on company computer systems must be protected by access controls to ensure that only authorized employees have access. This access shall be restricted to only those capabilities that are appropriate to each employee's job duties.

The MIS director shall be responsible for the administration of access controls to all company computer systems. The MIS director will ensure the process of adds, deletions, and changes upon receipt of a written request from the end user's supervisor.

Deletions may be processed by an oral request prior to reception of the written request.

MIS Responsibilities

- Do periodic audits against user logon and logoff, looking for things out of the ordinary, such as logons after normal business, excessive lockouts, etc.
- The MIS director will maintain a list of administrator and/or security officer access codes and passwords and keep this list in the MIS safe.

Employee responsibilities

Network logon is the first line of defense for company network resources. This section is intended to establish responsibilities to protect the network's front door. Being lax about network logon and passwords is like giving strangers the key to your home's front door. Because your logon allows you entrance to the network's front door, employees must take every precaution to protect their logon information.

Each employee:

- Shall be responsible for all computer transactions that are made with his/her User ID and password.
- Shall NOT disclose or share their password with others. Passwords must be changed immediately if it is suspected others may know it. Direct password change requests to the MIS help desk.
 - Passwords shall not be recorded or stored where they may be easily obtained.

 - Passwords should **NEVER** be communicated over the Internet and/or email.
- Should use passwords that will not be easily guessed by others; values such as names of any kind, birthday or social security number, current month, sports teams, etc. are NOT acceptable passwords.
- Will be prompted to change passwords at least every 90 days. The exception to this is 'Inquiry users' such as Project Directors. These users have inquiry access only and will NOT be required to change passwords. However, they are encouraged to change their password when they feel it has been compromised and/or when staff changes within their department.
- Should lock computers at all times when away from their desks by using the *Windows Lock Computer* function. Call the Auxiliary MIS help desk for assistance with this function if needed.

The Association shall conduct periodic safety inspections. Inspections allow for the general review of operations to determine the effectiveness of the overall safety program. Hazards identified during an inspection must be corrected.

HAZARD ABATEMENT PROCEDURE - Title 8, Sec 3203 a(6)

Supervisors are responsible for communicating safety and health issues in a form readily understandable by all workers. Employees are encouraged to communicate safety concerns to their supervisor without fear of reprisal. Supervisors are also responsible for ensuring that employees are supplied with hazard information pertinent to their work assignments.

Hazards can be reported anonymously using the attached "Report of Unsafe Condition or Hazard" form, which is available at each unit location. Hazardous conditions or activities noted should be reported to the Association's Human Resources Department. The Safety Committee will periodically review this record. Safety related items will be posted in each unit. Employees may also be informed about safety matters by email, voice mail, or distribution of written memoranda.

Hazards discovered either as a result of periodic inspection or during normal operations must be promptly corrected. Managers or supervisors are expected to correct unsafe conditions as quickly as possible after discovery, based on the severity of the hazard. Corrective actions should be documented. Appropriate corrective action related to training and retraining of employees will be documented on the individual employee's training record.

ACCIDENT INVESTIGATION - Title 8, Sec 3203 a(5)

Employees who are injured at work must report the injury immediately to their supervisor. If immediate medical treatment beyond first aid is needed, call 911. If non-emergency medical treatment for work-related injuries or illnesses is needed, contact San Joaquin Total Care (559) 251-2225.

Supervisors are responsible for investigating industrial injuries to determine and correct the cause(s) of the incident. All accidents shall be investigated promptly regardless of their severity. Supervisors must complete the attached accident investigation form, and promptly submit the entire workers compensation packet to Human Resources no later than the next business day after the incident. The investigation should include collecting the facts, determining the sequence of events that resulted in the accident, identifying action to prevent recurrence, and providing follow-up to ensure that corrective action was effective.

If the injured employee saw a physician, the supervisor should obtain a medical release form before allowing the employee to return to work. The Safety Committee will periodically review workers compensation reports. Appropriate recommendations for policy changes will be made as necessary.

BASIC RULES FOR ACCIDENT INVESTIGATION

- The purpose of an investigation is to find the cause of an accident and prevent further occurrences, not to fix the blame. An unbiased approach is necessary to obtain objective findings.
- Visit the accident scene as soon as possible - while facts are fresh and before witnesses forget important details.
- If possible, interview the injured worker at the scene of the accident and "walk" him or her through a re-enactment.
- All interviews should be conducted as privately as possible. Interview witnesses one at a time. Talk with anyone who has knowledge of the accident, even if they did not actually witness it.

-Consider taking signed statements in cases where facts are unclear or there is an element of controversy.

-Document details graphically. Use sketches, diagrams and photos as needed, and take measurements when appropriate.

-Every investigation should include an action plan. How will you prevent such accidents in the future?

-If a third party or defective product contributed to the accident, save any evidence. It could be critical to the recovery of claims costs.

RECORD KEEPING - Title 8, Sec 3203 b(1 & 2)

The Association will keep safety records, which include but are not limited to:

-Employee training records

-Safety meetings

-Safety inspections

-Safety Committee meetings

-Reports of Unsafe Condition or Hazard

-Accident investigations

-Employee and employer claim forms

-Cal/OSHA required records (Form 200, medical exposure records, injury reports)

EMPLOYEE HEALTH AND SAFETY TRAINING

Safety training will be provided to employees by their supervisor, or by representatives from other relevant Association, campus or non-campus personnel. Training will be documented using the “Employee Safety Check List” or an equivalent record. Training will include how to report unsafe conditions.

Supervisors must be trained on the hazards to which employees under their immediate control may be exposed. All supervisors must ensure that the personnel they supervise receive appropriate training on the specific hazards of work they perform, and the proper precautions for protection against those hazards. Training is particularly important for new employees. Personnel hired after the initial group training session will be oriented on this material as soon as possible by the appropriate supervisor. Health and Safety training

is also required when employees are given new job assignments on which they have not previously been trained and whenever a supervisor is made aware of a new or previously unrecognized hazard.

CORRECTIVE ACTION - Title 8, Sec 3203 a(2)

All employees are responsible for complying with safe and healthful work practices including applicable regulations, Association policy, and departmental safety procedures. When it becomes necessary, the California State University, Fresno Association, Inc. reserves the right to discipline employees who knowingly violate company safety rules or policies. Depending on the severity of the violation, disciplinary measures may include but not be limited to:

- Verbal warning for minor offenses,
- Written warning for more severe or repeated violations,
- Suspension without pay, or
- Termination of employment.

2. Do not place material or equipment in aisles, corridors, in front of emergency exits, or electrical control panels. Tools, equipment and chemicals shall be stored in designated spaces when not in use.
3. Do not place or stack material or equipment in such a manner that it constitutes a falling hazard.
4. If anything is spilled in the work area, it should be cleaned up as soon as possible after it has been determined if the spilled substance is not hazardous. If it is hazardous call your supervisor.

C. SLIPS AND FALLS

1. Wear safe, strong shoes which are in good repair.
2. Watch where you step. Be sure your footing is secure.
3. Pick up litter. Don't let tripping hazards exist.
4. Secure cables and extension cords so they don't trip you.

5. If you must climb to reach something, use a sound ladder or step stool, set and properly secured. When climbing, face the ladder and use both hands, and if possible, have someone hold the ladder to insure its steadiness.
6. When reaching from a ladder, keep your shoulder inside the vertical stringer. If you must reach further than this, move the ladder first.

7. Pile material on a strong, level base. Interlock so the pile won't come apart. Chock round stock so it can't roll.

E. FIRE PREVENTION SAFETY

1. Fire fighting equipment and emergency exits must be kept clear and ready for immediate use. Do not block them with equipment or material. All personnel should be familiar with the position of fire fighting equipment.

2. Know where your primary exit route is, and what alternative emergency routes are available. Always use the closest emergency door to exit when evacuating the building.
3. Make sure flammable liquids and vapors are not exposed to ignition sources. All flammable liquids must be dispensed from and transported in approved containers. Glass containers are expressly forbidden.
4. Report all fires, no matter how small, to your Supervisor.
5. Immediate response to fires is essential. If a fire occurs, the first consideration must be the safety of personnel. All employees must be evacuated in the immediate area before attention can be given to the saving of property. Notify your Supervisor and the Campus Police as soon as possible.
6. Instruction and training on the use of fire extinguisher and evacuation procedures is provided. Learn how to use the extinguisher in your area (frequently read the instructions label on extinguisher) and know where they are located. If you are not sure, ask your Supervisor.

F. FIRST AID AND MEDICAL

1. Report all accidents to your supervisor regardless of whether anyone is injured and take steps to correct the factors which can contribute to the accident. HAZARD COMMUNICATION PROGRAM

California State University, Fresno Association, Inc. has developed a Hazard Communication Program to provide employees with information about the hazardous materials present in our workplace. The information includes container labeling, Material Safety Data Sheets (MSDS) and employee training.

I. CONTAINER LABELING

It is our policy that before use, each secondary container of hazardous materials must possess a label with the following information:

Name of the contents
Appropriate hazard warnings

The Facility Manager will ensure that each container has a label with the appropriate information.

II. MATERIAL SAFETY DATA SHEETS (MSDS)

Material Safety Data Sheets for each hazardous material to which our employees may be exposed are filed in an MSDS binder located within the unit. Facility Managers will review newly arriving data sheets for significant health and safety information and see that new information is passed on to the appropriate employees. If an MSDS is missing a new one will be requested.

The Material Safety Data Sheets are available to all employees during regular business hours. If an MSDS is not available for a particular material, contact the Human Resources department.

III. EMPLOYEE INFORMATION AND TRAINING

Employees will be trained in general and specific hazard communication procedures and regulations. The training content will address the following areas:

- 1. The Employee's Right to Know" Law**
- 2. Product Labels and Material Safety Data Sheets**
- 3. Specific Chemical Training**

It is important that all of our employees understand the training. If you have questions, please contact your Supervisor.

IV. LIST OF HAZARDOUS MATERIALS

A Hazardous Materials Inventory listing all known hazardous materials used in our workplace is located in each MSDS binder. The Inventory Chart lists the material name, manufacturer name, phone number, and revision date. A sample inventory chart is attached. Specific information for each hazardous material can be found in the Material Safety Data Sheet binder.

Unit Managers are responsible for updating the Hazardous Materials Inventory and making employees aware of the new materials being used in the workplace.

V. INFORMING CONTRACTORS

The Facility Manager will ensure that outside contractors are informed about the hazardous materials to which they may be exposed while working in our workplace.

Contractors having questions about this plan may contact the Director of Human Resources.

1. All Material Safety Data Sheets (MSDS) are available for review, and are kept in the Unit Manager's office.
2. Know the hazardous properties of all the chemicals you work with.
3. Read the label on the containers and follow the manufacturer's instructions to the letter.
4. Know what the first aid treatment is and be prepared to carry it out immediately if necessary.

STATEMENT OF POLICY

Any individual who conducts business for the Association, is applying for a position or is conducting business on the Association's premises is covered by this policy. Specifically, the policy applies to, but is not limited to, managers, supervisors, full-time, part-time, and temporary employees, independent contractors, visitors, volunteers, interns and applicants.

This policy is intended to apply whenever anyone is representing or conducting business for or on behalf of the Association. Employees are expected and required to report to work on time and in appropriate mental and physical condition for work. It is the Association's intent and obligation to provide a drug free, healthy, safe and secure work environment.

REGULATIONS and PROHIBITIONS

The Association prohibits the following:

- The unlawful possession, manufacture, distribution, dispensation, sale, transportation, offer to sell, promotion, purchase and/or use of drugs, alcohol*, or controlled substance at any Association worksite, at any Association sponsored/sanctioned activities and events, and while employees or other individuals as previously described perform Association-related business, regardless of the location. Employees and other individuals as previously described shall not report for work or work under the influence of any drug or alcohol or other substances that will impair work performance, alertness, coordination or response, or affect the safety and health of others.

- * On campus or Association worksite possession, distribution or use of alcohol is limited to certain approved events and locations covered by the guidelines of Fresno State's official Policy on Alcohol and Other Drugs.

Apart from said events, such possession, distribution or use of alcohol is strictly prohibited.

- Consistent with federal law and the provisions of the California Adult Use of Marijuana Act, Proposition 64, the Association strictly prohibits the use, consumption, possession, transfer, display, sale, or growth of cannabis, in any form, including but not limited to, smoking, oils, and edibles. This is true even if such use of cannabis is for medicinal purposes authorized and permitted under the California Compassionate Use Act, Proposition 215.
- Prescription and over-the-counter drugs are not prohibited when taken in standard dosage and/or according to a physician's prescription. Any employee taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with safe performance of his/her job. If the use of a medication could compromise the safety of the employee, fellow employees or the public, it is the employee's responsibility to use appropriate personnel procedures (e.g., call in sick, use leave, request change of duty, notify supervisor, notify company doctor) to avoid unsafe workplace practices. The illegal or unauthorized use of prescription drugs is prohibited. It is a violation of the Association's policy to intentionally misuse and/or abuse prescription medications. Appropriate disciplinary action will be taken if job performance deterioration and/or other accidents occur.
- If, at any time, an Association representative has a reasonable belief that an employee is in possession, use, or distribution of alcohol and/or drugs in violation of this policy, the Association may notify law enforcement to fully investigate the matter and/or take further corrective action, including but not limited to termination.

Mandatory Obligation to Report Convictions

In accordance with the Drug-Free Workplace Act of 1988, any Association employee must, as a condition of employment, abide by the terms of the policy and report any conviction (including a plea of nolo contendere i.e. no contest) under a criminal drug statute violation occurring at any Association worksite or university or while elsewhere conducting Association or university business. Said conviction must be reported to the Auxiliary Human Resources Department within five (5) days.

As a condition of continued institutional grant or contract eligibility, and as a condition of employment under any federal and/or state contract or grant, employees must not only comply with this policy but also with the requirement of notifying the Auxiliary Human Resources Department within five (5) days of any conviction under a criminal drug statute where the criminal act upon which the conviction is based occurred while on Association worksite or elsewhere

Within ten (10) days after receiving such notice, the Association is required to notify the federal and/or state grant or contract authority. Within thirty (30) days after receiving such notice, the Association may initiate appropriate disciplinary action against the employee, up to and including termination, or require the employee to participate satisfactorily in an approved drug abuse assistance or rehabilitation program.

Legal Sanctions under Federal and State Law

Federal and state laws establish severe penalties for any individual convicted of the manufacture, possession, distribution or use of controlled substances. These penalties, upon conviction, may range from a small fine and probation to imprisonment, or both.

For a detailed list of federal penalties related to controlled substances, please refer to the U.S. Department of Justice Drug Enforcement Administration website. The Association is required by federal law to take disciplinary action up to and including suspension or termination of employment for any individual convicted of a workplace drug offense.

Drug and Alcohol-Related Health Risks

The use and abuse of drugs and alcohol can have severe negative effects in behavior and physiology. Drugs and alcohol are chemicals, and by their very nature, cause reactions in the body. Possible effects from drug and alcohol use include, but are not limited to, convulsions, memory loss, psychosis, anxiety, delusions, hallucinations, sleep disorders, depression, liver and kidney damage, cardiac irregularities, hepatitis, neurological damage, and even death.

Resources, Education and Assistance

The Association recognizes drug and alcohol dependency as treatable conditions and offers its employees services from the Employee Assistance Program (EAP) for substance abuse and/or dependency problems. Employees are encouraged to seek assistance from drug and alcohol-related problems and may request leaves of absence for this purpose, in addition to using approved vacation or sick leave.

Information obtained regarding an employee during participation in EAP will be treated as confidential. Access to this information is limited to those who have a legitimate need to know in accordance with federal and state laws, and management policies.

- Association employees may obtain confidential consultation regarding substance abuse or other personal problems at no cost to the employee or member of his/her immediate family. A careful assessment of the situation will be made and alternatives will be offered that are both appropriate and affordable.
- Community agencies are also available to address drug and alcohol-related problems. Most of the various local drug treatment programs offer no-cost assessment and may be located on the Internet under "Drug Abuse & Addiction Information & Treatment Centers."

Treatment for drug and alcohol-related problems may be covered by the employee's benefit plan. However, the employee bears the ultimate financial responsibility for any recommended treatment.

Shared Responsibility

A safe and productive drug-free workplace is achieved through cooperation and shared responsibility. Both employees and supervisors have important roles to play. All employees are required to not work or be subject to duty while their ability to perform job duties is impaired due to on/or off-duty use of alcohol and/or drugs.

Supervisors are responsible for informing employees of the Association's alcohol and drug-free workplace policy as well as documenting negative changes and/or problems in work performance.

Communication

This policy is included in the Association Employee Handbook and the Employee New Hire Packet. As a condition of employment, all employees are required to review, execute, and date an acknowledgment of having received a copy of said policy. The executed acknowledgment is placed in the employee's personnel file.

PURPOSE: This certificate, DE 4, is for **California Personal Income Tax (PIT) withholding** purposes only. The DE 4 is used to compute the amount of taxes to be withheld from your wages, by your employer, to accurately reflect your state tax withholding obligation.

Beginning January 1, 2020, *Employee's Withholding Allowance Certificate* (Form W-4) from the Internal Revenue Service (IRS) will be used for federal income tax withholding **only**. You must file the state form *Employee's Withholding Allowance Certificate* (DE 4) to determine the appropriate California Personal Income Tax (PIT) withholding.

If you do not provide your employer with a withholding certificate, the employer must use Single with Zero withholding allowance.

CHECK YOUR WITHHOLDING: After your DE 4 takes effect, compare the state income tax withheld with your estimated total annual tax. For state withholding, use the worksheets on this form.

EXEMPTION FROM WITHHOLDING: If you wish to claim exempt, complete the federal Form W-4 and the state DE 4. You may claim exempt from withholding California income tax if you meet both of the following conditions for exemption:

1. You did not owe any federal/state income tax last year, and
2. You do not expect to owe any federal/state income tax this year. The exemption is good for one year.

If you continue to qualify for the exempt filing status, a new DE 4 designating EXEMPT must be submitted by February 15 each year to continue your exemption. If you are not having federal/state income tax withheld this year but expect to have a tax liability next year, you are required to give your employer a new DE 4 by December 1.

Member Service Civil Relief Act: Under this act, as provided by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act of 2018, you may be exempt from California income tax withholding on your wages if

- (i) your spouse is a member of the armed forces present in California in compliance with military orders;
- (ii) you are present in California solely to be with your spouse; and
- (iii) you maintain your domicile in another state.

If you claim exemption under **this** act, **check the box on Line 4**. You may be required to provide proof of exemption upon request.

New Hire Notice -- Injuries Caused By Work

What does workers' compensation cover?

You may be entitled to workers' compensation benefits if you are injured or become ill because of your job. Workers' compensation covers most work-related physical or mental injuries and illnesses. An injury or illness can be caused by one event (such as hurting your back in a fall) or by repeated exposures such as hurting your wrist from doing the same motion over and over). Generally, independent contractors, and volunteers who receive no compensation are not covered by workers' compensation benefits. Injuries resulting from off duty recreational, social, or athletic activities, unless condoned or sponsored by your employer, are generally not covered.

Benefits:

Workers' compensation benefits include: Medical care, temporary disability, permanent disability, supplemental job displacement voucher, and death benefits

Medical Care:

You are entitled to medical care that is reasonably required to cure or relieve you from the effects of your work-related injury. Medical care may include doctor visits, hospital services, physical therapy, lab tests, x-rays, and medicines that are reasonably necessary to treat your injury. Providers should never bill you directly for work-related injuries. There is a limit on some medical services. Your employer is required to provide you with a claim form within one business day of learning about your injury. It is extremely important that you complete the "Employee" section of the claim form as your employer is required to authorize medical care within one working day after you file the form. If additional care is necessary after the initial treatment, the claims administrator will authorize any care that is appropriate for your injury, including the referral to specialists.

Your Primary Treating Physician (PTP):

This is the doctor with overall responsibility for treating your injury or illness. The primary treating physician determines what type of treatment you need and when you may return to work. A multispecialty medical group of licensed doctors and osteopathy can be designated as personal physicians. If your employer or your employer's insurer does not have a Medical Provider Network, you may be able to change your treating physician to your personal chiropractor or acupuncturist following a work-related injury or illness by making a request to the claims administrator. Chiropractors may not continue as the primary treating physician after 24 visits. If specialists, diagnostics, etc. are needed in your case, this physician will be responsible for making the referrals. If you name your personal physician before your injury, you may see him or her for treatment in certain circumstances. Otherwise, your employer has the right to select the physician who will treat you for the first 30 days. You may be able to switch to a doctor of your choice after 30 days. Special rules apply if your employer offers a Health Care Organization (HCO) or has a medical provider network.

You should receive information from your employer if you are covered by an HCO or MPN. Contact your employer for more information.

Treatment by your personal physician:

You may be treated by your personal physician if you notify your employer prior to your injury. A personal physician includes a medical group of licensed doctors of medicine or osteopathy. Please have your physician complete the attached form and return to your employer. The following requirements must be met:

1. You must have group health coverage from any source for non-industrial illnesses and injuries.
2. Your personal physician must agree in advance to treat you for any work injuries or illnesses
3. Your physician must be your regular physician and surgeon.
4. Your physician has previously directed your medical treatment and retains your records, including your medical history.

What happens if your employer disputes your injury?

State law requires employers to authorize medical care within one working day of receiving a DWC 1 claim form. Your employer may be liable for as much as \$10,000 in medical care until your claim is accepted or denied.

Medical Provider Networks:

Your employer may be using a MPN, which is a selected network of health care providers to provide treatment to workers injured on the job. If your employer is using a MPN, a MPN notice should be posted next to this poster to explain how to use the MPN. If you have predesignated your personal physician prior to your work injury, then you may receive treatment from your predesignated doctor. If you have not predesignated and your employer is using a MPN, you are free to choose an appropriate provider from the MPN list after the first medical visit directed by the employer. If you are treating with a non-MPN doctor for an existing injury, you may be required to change to a doctor within the MPN.

What if my employer has a Medical Provider Network?

If your employer has Medical Provider Network additional information can be obtained by reviewing the full employee notification which is required to be posted in close proximity to the workers' compensation poster.

What if my employer does not have a Medical Provider Network?

If your employer does not have a Medical Provider Network, you may be able to change your treating physician to your personal chiropractor or acupuncturist following a work-related injury or illness within 30 days of reporting your injury. Chiropractors may not continue as

the primary treating physician after 24 visits. You may use the attached Notice of Personal Chiropractor or Personal Acupuncturist form to notify your employer of this change.

Emergency Medical Care:

If you need emergency care, call 911 for help immediately from the hospital, ambulance, fire department or police department.

First Aid:

If you need first aid treatment, contact your employer. If you have more than a simple first aid injury, you will need to ask your employer for a claim form.

Temporary Disability (TD) Benefits:

You may be entitled to payments if you lose wages while recovering. Your temporary disability rate is calculated by multiplying your average weekly wage by two thirds. The first 3 days of disability are not payable under California law unless there is hospitalization at the time of injury or the disability exceeds 14 days. If your physician returns you to work on a modified basis, you may be entitled to wage loss. This is generally calculated by multiplying the difference between your average weekly wage and your earnings during modified duties times two thirds. This is subject to the benefit minimums and maximums set by the California Legislature. Temporary disability benefits are payable within 14 days of the date of injury or knowledge of the injury. Subsequent payments are due every 14 days. For injuries occurring on or after 1/1/08, no more than 104 weeks of temporary disability are payable within 5 years from the date of injury. For longer term conditions (hepatitis B & C, amputations, severe burns, HIV, high velocity eye injuries, chemical burns to the eyes, pulmonary fibrosis, and chronic lung disease) no more than 240 weeks within five years from the date of injury are payable. You may be eligible for state disability benefits from the Employment Development Department (EDD) if TD benefits are stopped, delayed, or denied. There are time limits so contact EDD for more information.

Permanent Disability (PD) Benefits:

You may be entitled to payments if your physician says your injury has limited your ability to work. The permanent disability rate is calculated by multiplying your average weekly wage by two thirds, subject to statutory minimums and maximums. The amount of permanent disability or impairment may depend on your doctor's opinion, as well as your age, occupation type of injury and date of injury. If you have permanent disability or your claims examiner suspects you have permanent disability, a letter will be sent to you explaining your benefits, including the estimate or total value of permanent disability, weekly payment amount, how the benefit was calculated, and all of your related rights under the California Labor Code, including your right to object to the report upon which the determination is being based. Permanent Disability benefits are payable within 14 days of the last payment of temporary disability benefit or after you physician indicates there is permanent disability. The benefit is payable every fourteen days. Permanent Disability benefits are not payable until your claim is finalized if your employer

offered a job upon termination of temporary disability benefits.

Supplemental Job Displacement Benefit:

You may be entitled to a nontransferable voucher payable to a state approved school. To qualify, your injury must result in a permanent impairment and your employer is unable to offer modified or alternative work within 60 days of receipt of a report asserting that all medical conditions have reached maximum medical improvement. If your employer does not offer a modified or alternate job within 60 days of determination of maximum medical improvement, you may chose to receive a nontransferable voucher to use at a state accredited school for education-related retraining or skill replacement. If you qualify for the supplemental job displacement benefit, your claims examiner will provide a voucher for up to \$6,000.00.

Return to Work Fund

If your injury results in permanent impairment and it is determined that the amount awarded is disproportionately low in comparison to your loss of earnings, you may be entitled to additional compensation. A fund was established to supplement permanent impairment benefits under specific circumstances. This fund is administered by the Division of Workers Compensation. Your examiner can assist in directing you to the correct resource to determine eligibility.

Death Benefits:

Death benefits are paid to dependents of a worker who dies from a work-related injury or illness. The benefit is calculated and paid in the same manner as temporary disability. This benefit is paid at a minimum rate of \$224 per week. The death benefit rates are set by state law and the amount depends upon the number of dependents. If dependent minor children are involved, death benefits are payable at least until the youngest child reaches majority age. Burial expenses are also provided under this benefit.

Report Your Injury:

Report the injury immediately to your supervisor or to:

Employer representative: Adriana Chavero-Chavez

Phone number: (559)278-0865

Don't delay. There are time limits. If you wait too long, you may lose your right to benefits. Your employer is required to provide you a claim form within one working day after learning about your injury. Within one working day after you file a claim form, your employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for your alleged injury and shall be liable for up to ten thousand dollars (\$10,000) in treatment until the claim is accepted or rejected. Until the date the claim is accepted or rejected, liability for medical treatment shall be limited to ten thousand dollars (\$ 10,000). If your claim is denied, you have the right to appeal the decision within one year of the date of injury.

Discrimination:

It is illegal for your employer to punish or fire you for having a work injury or illness, for filing a claim, or testifying in another person's workers' compensation case. If proven, you may receive lost wages, job reinstatement, increased benefits, and costs and expenses up to limits set by the state.

Your employer may not be liable for the payment of workers' compensation benefits for any injury that arises from your voluntary participation in any off-duty recreational, social, or athletic activity that is not part of your work-related duties.

NOTICE OF PERSONAL CHIROPRACTOR OR PERSONAL ACUPUNCTURIST

If your employer or your employer's insurer does not have a Medical Provider Network, you may be able to change your treating physician to your personal chiropractor or acupuncturist following a work-related injury or illness. In order to be eligible to make this change, you must give your employer the name and business address of a personal chiropractor or acupuncturist in writing prior to the injury or illness. Your claims administrator generally has the right to select your treating physician within the first 30 days after your employer knows of your injury or illness. After your claims administrator has initiated your treatment with another doctor during this period, you may then, upon request, have your treatment transferred to your personal chiropractor or acupuncturist. Chiropractors may not continue as the primary treating physician after 24 visits.

Note: If your date of injury is January 1, 2004 or later, a chiropractor cannot be your treating physician after you have received 24 chiropractic visits unless your employer has authorized additional visits in writing. The term "chiropractic visit" means any chiropractic office visit, regardless of whether the services performed involve chiropractic manipulation or are limited to evaluation and management. Once you have received 24 visits, if you still require medical treatment, you will have to select a new physician who is not a chiropractor. This prohibition shall not apply to visits for postsurgical physical medicine visits prescribed by a surgeon, or physician designated by the surgeon, under the postsurgical component of the Division of Workers' Compensation's Medical Treatment Utilization Schedule.

Dear Employee:

New Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Auxiliary Human Resources at (559) 278-0865.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer—sponsored health plan meets the 'minimum value standard' if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:

☐ All employees

☒ Some employees. Eligible employees are:

Benefited employees (also called regular or full time employees).

- With respect to dependents:

☒ We do offer coverage. Eligible dependents are:

A spouse, a domestic partner of the same sex as the Employee, or a domestic partner of the opposite sex of the Employee provided the partner is over age 62 and is registered with the California State Registry; and a child, stepchild or other eligible dependent up to age 26.

☐ We do not offer coverage

☒ If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

***Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.*

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
